- Auto Renewal Facility for Bulk Fixed Deposits on the due date will not be available.
- It is clarified that if fixed/term deposit accounts are opened with operating instructions 'Either or Survivor', the signatures of both the depositors need not be obtained for payment of the amount of the deposits on maturity. However, the signatures of both the depositors may have to be obtained, in case the deposit is to be paid before maturity. If the operating instruction is 'Either or Survivor' and one of the depositors expires before the maturity, no pre-payment of the fixed/term deposit may be allowed without the concurrence of the legal heirs of the deceased joint holder. This, however, would not stand in the way of making payment to the survivor on maturity.
- In case the mandate is 'Former or Survivor', the 'Former' alone can operate/withdraw the matured amount of the fixed/term deposit, when both the depositors are alive. However, the signature of both the depositors may have to be obtained, in case the deposit is to be paid before maturity. If the former expires before the maturity of the fixed/ term deposit, the 'Survivor' can withdraw the deposit on maturity. Premature withdrawal would however require the consent of both the parties, when both are alive, and that of the surviving depositor and the legal heirs of the deceased in case of death of one of the depositors.
- If the joint depositors prefer to allow premature withdrawals of fixed/term deposits also in accordance with the mandate of 'Either or Survivor' or 'Former or Survivor', as the case may be, it would be open to banks to do so, provided they have taken a specific joint mandate from the depositors for the said purpose. In other words, in case of term deposits with "Either or Survivor" or "Former or Survivor" mandate, banks are permitted to allow premature withdrawal of the deposit by the surviving joint depositor on the death of the other, only if, there is a joint mandate from the joint depositors to this effect.
- The joint deposit holders may be permitted to give the mandate either at the time of placing fixed deposit or anytime subsequently during the term / tenure of the deposit. If such a mandate is obtained, banks can allow premature withdrawal of term / fixed deposits by the surviving depositor without seeking the concurrence of the legal heirs of the deceased joint deposit holder. It is also reiterated that such premature withdrawal would not attract any penal charge.
- When a fixed deposit account is opened in the joint names of two depositors on 'Either or Survivor' basis and the said joint depositors already have a savings bank account in their names jointly on 'Either or Survivor' instructions, on maturity of the fixed deposit, proceeds of the matured fixed deposit can be credited to the joint savings bank account already opened in the bank. There is no need for opening a separate savings bank account in the name of the first depositor for crediting the proceeds of the fixed deposit.

- I/we agree that in case of joint Fixed Deposits with a survivorship clause, the Bank shall be discharged by paying the Fixed Deposit proceeds prematurely to survivor/s, on request, in the event of death of one or more Joint Depositor.
- Any interest / maturity pay-out less than or equal to Rs 100/- on Term Deposits shall be credited to the savings or current account, irrespective of the instruction given at the time of booking of the deposit or change anytime during the tenure of the deposit.
- In the event of the death of the depositor, premature liquidation of the term deposit/s will be allowed. Such premature liquidation will not attract any penal charges.
- In case of the Fixed Deposit as well as the source Saving/Current Account is held singly such Fixed Deposit can also be liquidated through Net Banking.

In case of monthly pay-out, the interest shall be paid monthly at discounted rate.
- For Cumulative deposits, interest is compounded quarterly on completion of exact quarters. For the broken period beyond completed quarters, the amount is calculated proportionate to the period in the quarter.
- “For FDs with Monthly/Quarterly Interest pay out, Interest payment gets triggered at start of the last day of the month/quarter and therefore system calculates interest up to the penultimate date of the month/quarter”.
